EATING HOUSE

LOCAL | WILD + NATURAL | TIKI

“WE arrived in Nebraska from Washington intent on purchasing from farmers, ranchers & fishmongers who share our commitment for wholesome, sustainable fare. The way food is grown or raised is just as important as how it is prepared. We believe that food additives are unhealthy, unsafe and mask the true nutritional value in today’s processed foods. Knowing this, we believe that everyone should purchase their food with care and consciousness. Our recipes use the Earth’s bounty the way it is intended ~ **Wild and Natural!**”
